

Power Burst (S789)

Powerful enzymes for powerful cleaning

FOR PROFESSIONAL USE ONLY

High-pH enzyme prespray for heavily soiled restaurant and commercial carpet

APPLICATION: Prespray

DESCRIPTION: Power Burst is a high-pH enzymatic powder re-spray. Ultra-concentrated for an economical dilution ratio and the best choice for salvage cleaning of heavily soiled synthetic restaurant carpets! Its advanced triple enzyme technology cuts through meat fats, vegetable oils, grease, grime and protein soils. Compared to the competition's dilution ratio and pH, Power Burst beats them every time!

Serious power for serious soil! Ultra-concentrated for ultimate cleaning! Guaranteed to out-clean other products in its class under EXTREME conditions.

Radical super-strength pre-conditioner puts more cleaning power on the carpet to remove heavy soils FAST! Ultra-concentrated high pH alkaline-and-solvent formula "bursts" through heavy grease and grime. New enzyme technology is effective at high pH and high temperatures, digests food and protein soil. Dissolves fast, clear solution is compatible with truckmount high temperatures. Corrosion inhibitors protect equipment.

FEATURES:

- Super-concentrated high-powered formula
- Enzyme power remains active at high temperature and pH
- Alkaline builders and solvent booster to clean heavy grease and grime
- Dissolves quickly and completely, compatible with truck mount temperatures

WHERE TO USE: Use Power Burst on restaurants, commercial carpet, traffic lanes and open areas where you find heavy soil. Removes food and protein soils, grease and oil, heavy soil buildups. Not recommended for residential stain-resistant carpet.

USE DILUTION:

Pump Sprayer: 2 scoops per gallon

Power Injection Sprayer (1:8 model): 6 scoops per 5 quarts

USE INSTRUCTIONS:

Pre-test carpet for colorfastness in an inconspicuous location. Not recommended for stain-resistant carpet.

Mixing:

PUMP SPRAYER: Mix 2 scoops per gallon of **hot** water. Mix until completely dissolved.

INJECTION SPRAYER (high pressure 1:8 tip): Mix 6 scoops per 5 quarts of **hot** water. Mix or shake thoroughly until completely dissolved.

1. **Vacuum** carpet to remove loose surface soil.
2. **Prespray** Power Burst solution on carpet, allow 10 minutes dwell time for enzymes to act. Do not allow to dry. Agitate with carpet rake on stains and traffic lanes.
3. **Extract** with Dry Slurry, Liquid Slurry or All Fiber Rinse, following label directions.

COVERAGE: Makes approximately 30 ready-to-use gallons. One ready-to-use gallon cleans approximately 400 square feet. Coverage will vary depending on soil level and thickness and absorbency of carpet.

USAGE TIPS: High-pH enzymatic prespray for heavily soiled restaurant and commercial carpet. New enzyme technology is effective at high pH and high temperatures. For best results, dilute powder with hot water. For extremely soiled areas, allow extra dwell time and agitate if needed.
